## About Us

The base of a company becomes strong when it makes the right policies, applies correct techniques to production and starts serving quality products. The strong base of Shikhar Industries is the result of the same. Right from our start in the year 2005, we have been applying the best to production, making right policies for the betterment of company and customers and serving quality assured products. The same has helped us today in gaining a strong foothold and market prominence. Modern customers in this progressive world, believe in us because of our quality offerings and commitment fulfilling attitude. Our Grey Metallic Floor Hardener, Grey Cast Iron Powder, Cement Concrete Hardener and various other products stand at par with our contenders offerings because these are quality assured and reliable to use.

Construction companies of small to big sizes trust us and avail our products in a large quantity because our offerings give them cost-effective results. Under the fruitful mentorship of Mr. Rakesh Ambalal Patel (Proprietor), our company is working exceptional well as a manufacturer and introducing a quality array at the lowest possible prices.
